Key Directions of TAEH

01

TAEH is based on an Equity/Anti-
Oppression Framework.

03

Ensure that key stakeholders are
held accountable for preventing and
ending homelessness.

02

Prevent and end homelessness in
Toronto.

04

Continuously grow and sustain the
Movement.

Direction 1B:

Improved outcomes for equity deserving communities and other populations overrepresented in people experiencing, or at risk of, homelessness in Toronto

Tactic 1

Improved outcomes for equity deserving communities and other populations overrepresented in people experiencing, or at risk of, homelessness in Toronto

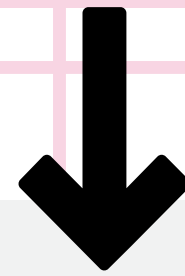

Tactic 2

Develop an approach for earmarking equitable portions of new and existing funding and units for Indigenous, Black, and racialized clients.

Tactic 3

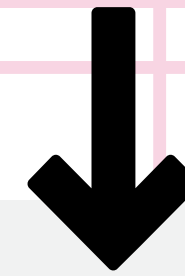

Facilitate the development and promote Harm Reduction best practices.

Direction 2C:
Continuous improvement of Toronto's Coordinated Access System and integration of Built For Zero model

TACTIC

Develop and execute best practice solutions with our partners and community agencies, including supportive housing and the developmental services sectors, and work transparently with the City, to speed up exits from homelessness.

LEAD ACTIVITY

Facilitate the development and promotion of supportive and developmental services models aimed at the hardest to house integrating with outcomes of the Beyond Housing Pilot.

Tactic C.2:

Facilitate harmonization and standardization of assessment and access.

Key Activity C.2.1

Within program streams, establish shared definitions of levels of supports: *Coordinate with the City's CAS and The Access Point on issues including workflow and avoiding/minimizing multi-phase assessment.*

Key Activity C.2.2

- Across program streams:**
- Incorporating racial and sociodemographic data into existing data, evaluate equivalencies to understand need and support profiles; and**
 - Achieve agreement of tools and correspondence to support levels and equivalencies.**

Tactic C.3:

Coordinate rent supplements to speed up connecting supports to new housing.

Key Activity C.3.1

Develop and maintain an active inventory of rent supplements/resources.

Key Activity C.3.2

Establish practice of jointly coordinating rent supps/resources, including rationalizing existing services.

Tactic D1:

Implement the SHG Plan's Grow the Stock stream.

Activity D.1.2

Support the building of a development pipeline to include shared inventory, infrastructure to track development, project identification outreach, and consolidated information

Activity D.1.2

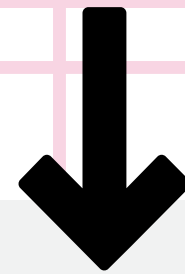

Support the development plans for sites identified with potential for development and set targets

Activity D.1.4

Coordinate sector wide discussion on models and definitions re shared capacity for development, including Housing Development Working Group and other partners

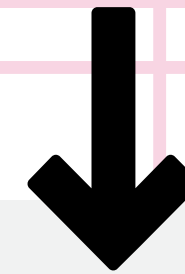

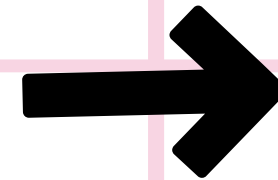

Direction 2D:

More permanent housing options for people experiencing, and at risk of homelessness

TACTIC

Structured engagement to continuously increase our collective capacity to produce more housing options.

LEAD ACTIVITY

Support increased sector capacity to access new and existing private rental units, including supporting the **TMHASHN** in developing a shared approaches, tools, and communications strategies
